Message M.D. On behalf of the DSS, I am very happy to invite you to see for yourself the opportunities that abound at DSS. We motivate our students in such a way that they tread the path of learning and innovation for life. We accept students of all academic levels and hone their skills in a manner that failures become the stepping stones to trail-blazing success. We had set up Kingston Public School with the aim of fulfilling the needs and aspirations of parents and students. To provide sound basic education in English Medium along modern lines. The selection of faculty was on the criteria that they recognize and realize as the most urgent and sacred part of their duty for the formation of the character of students entrusted to their care. We adopted as our goal, the best from our rich and varied heritage and inculcate a perfect all-round education and development (in mind, physique and mental attitude) of the students which shall in him, lead them to be worthy, true and good citizens, of whom our country-India shall be proud of. While providing a full and liberal education we had the objective of turning out young men and women with keen sense of discipline, responsibility, initiative, self reliance, integrity and loyalty...
